

Secure under tray toolbox

Genuine Bocar under tray tool boxes are made from quality 2.5mm thick alloy chequer plate and are water and dust resistant to help protect your cargo.

Only quality materials are used, for example, all stainless steel T Locks, hinges and chains. Finished to high quality standards with smooth TIG welding, our tool boxes are tough and build to last.

Part #	Side	Dimensions	Images	
BCATBU60R	Right of wheel	H 400mm D 250mm W 600mm		
BCATBU60L	Left of wheel	Traditional flat base design for extra space		
BCATBU460R	Right of wheel	H 440mm D 250mm W 600mm		
BCATBU460L	Left of wheel	Sloped design for better 4wd ground clearance		
BCATBU75R	Right of wheel	H 400mm D 250mm W 750mm
